

Bloomsburg Democrat

LOCAL DEPARTMENT.

Wednesday, March 6, 1867.

ED We will thank our readers for all local events in their immediate localities. If they do not desire to write a communication for the public eye, let them send us a brief statement of everything of interest in their respective communities. A list of marriages, deaths, accidents, fires, removals, business changes, &c. &c. We will put them in our paper. The more facts of this kind we can get the better it will suit us and our readers. Who writes it?

To ADVERTISERS.—Persons wishing advertisements inserted, must hand them in early on Tuesday morning to insure their insertion for that week.

ED Hon. Frank W. Headman, Member of the State Legislature from Bucks County, has our thanks for favors.

ED Hon. G. D. Jackson of the Senate, and Hon. Thomas Claffin of the House, will please accept our thanks for Legislative documents.

ED George H. Brown, formerly of the "Exchange," has taken possession of the "Rupert House," which property he purchased not long since.

ED A new lot of slippers and shoes for ladies, boots for men and boys; also, a good supply of dry-goods, groceries, etc., etc., all cheap for cash or trade, at A. Hartman's store, on Main street.

ED Hon. Charles R. Buckalew has sent us for a copy of his remarks, printed in pamphlet form, in the Senate on the 16th, 17th and 20th ult., on the bill to provide for the more efficient government of the insurrectionary States.

The large circulation of the DEMOCRAT in the County, and the attractive appearance of the paper, has made it a medium for advertising of more than ordinary importance, hence the crowded state of our columns.

An exchange is being printed paper has come down so as to affect the price per year subscriber to the amount of about one-fourth of a cent. We will make the reduction for each of our advance subscribers as can make the change.

ED The Fish Movement.—In accordance with an Act of the Legislature improvements are being made in the introduction of shrimps into the dams of the Susquehanna river for the passage of shad. It is anticipated that the movement will prove a success.

ED We are informed that the first number of the *Lyonning Standard* under the supervision of Col. Levi L. Tate, a veteran editor in the Democratic ranks, will be issued at the city of Williamsport, next week. He has, we are informed, a fine subscription list, and stands with a power press and new material of the most approved style. Success to the Colonel, for he deserves it. Editors will oblige him by addressing exchanges between this and the first of April next.

ED E. W. Wynkoop & Co., will commence their Spring Term of Select School at this place, has been confirmed by the Senate. This was right, and will not suit the Radicals; they had expected to see him rejected, but because that Radical Senate refused to confirm many of President Johnson's appointments, was no reason to think that they would set aside the nomination of Mr. Purser. He will hold the office for two years, if he behaves himself, (and not much longer) after the expiration of which time we will endeavor to fill his place with an Andrew Jackson Democrat! Hurrah for Johnny!

ED We understand that a movement is on foot to divide the Township of Briar creek, but to what extent it has traveled we have not learned. Last winter petitions looking to that object were sent to Harrisburg. The feeling of the people in that locality should be obeyed in the matter.

ED Norman Henderson opened up, at this place, on Monday last, one of the finest Drug Stores in the country. It is not surpassed in our large cities in neatness of arrangement or in quality of drugs. It is really a useful as well as an ornamental addition to our town.

ED The Maple Sugar season has commenced. Considerable quantities may be manufactured, but in consequence of the high price of other sugars, the maple will command a fair price. Our friends who are engaged in the business of producing the home article should reap a rich harvest.

ED The Hardware Store of C. W. Snyder is a complete success. He has added to his stock of goods, and his assortment is now nearly complete. From time to time as the wants of the community develop themselves he will increase his stock. The people of Columbia County may now congratulate themselves on having a genuine Hardware Store.

THANK YOU, GENTLEMEN.—Within the past week quite a number have renewed their subscriptions to the DEMOCRAT for another year, and bid us God speed. We hope all will do so, and in addition endeavor to increase our already large list. It is a small sum for each one, but in the aggregate makes a material support to us. That's right, gentlemen, stand by us, and we will stand by you in the future as we have in the past. Send in your names and money.

ED CLEARY & JOHN, Merchants in Catskill, advertise their extensive stock of goods in this week's DEMOCRAT. They are determined not to be surpassed by any dealers in that place in quality, quantity or cheapness. They have a carefully selected stock of goods for the spring trade, and take delight in showing up their goods, as well as selling them to their customers at low rates. They also have one of the finest stores rooms in this county. Give them a call.

ED John S. Stern & Sons will continue the brick-making at their yard during the coming summer upon a more extensive scale than heretofore. They have purchased a patent moulding machine that is competent to turn off brick equal to some half dozen or more hands, and in a good, workman-like manner. This will enable them to furnish brick to those wishing the article at a reduced rate. They have some of the best clay in the country and plenty of it.

ED W. Wirt, Esq., has removed his law office to the DEMOCRAT building in Shive's Block.

AN ODD MATCH.—We heard, yesterday of a young man in this city, who is but twenty years of age, being married a few days ago to a lady only sixty-one years old. A gay couple, that.—*Wheeling Register.*

ED President Johnson has issued a proclamation recognizing Nebraska as a State. The Congressional delegation from this new State are in Washington awaiting the sitting of the new Congress.

The Bloomsburg Democrat came to us this week, under a new and tasty heading; and much improved in appearance. As friend Jacoby publishes the Democratic organ of Columbia County, we wish him every success.—*North'th County Democrat.*

ED Hon. Levi L. Tate has sold his house and lot, situate on Third Street, to Mrs. A. J. Evans, of this town, for thirty-three hundred dollars (\$3300.00). This is a cheap, neat and convenient property. The location is desirable, and the buildings are all comparatively new.

ED Postmasters.—Postmasters throughout the County who take special care to retard the circulation of the DEMOCRAT in obedience to the beak of the Loyall League, will please take notice that we intend to prosecute every individual who thus outrages common civility and decency after this date.

ED For the benefit of those who owe us we republish the following startling paragraph. We hope our subscribers will be warned in time:

A ghost has appeared to the relief of a late lamented delinquent subscriber to the *Lynching Standard* (Vt.) *New*, saying:—"Jessie, pay my newspaper accounts and let me rest in peace!"

ED The experience of the past ten years has demonstrated the fact that reliance may be placed in the efficacy of

DELL'S SPECIFIC PILLS,

for the speedy and permanent cure of Seminal weakness, Emission, Physical and Nervous debility, impotence, or want of power, the result of Sexual excess, or Youthful Indulgence, which neglected rains the happiness, and mirths the sufferer for Business, Social Society of Marriage, and often times an untimely grave. Make no delay in seeking the remedy. It is entirely vegetable and harmless on the system. At this season, when even the strongest organizations are liable to be affected by the alternation of strong cold and malignant moisture, this infallible protective medicine is especially needed. Persons predisposed to biliousness, dyspepsia, constipation, intermittent fever, or any of the complaints which cold weather sets off—induces or aggravates, should take it regularly throughout the Winter and Spring months. It is absolutely pure and harmless.

BEHIND THE LIGHTHOUSE.

Old foggin is not quite dead. People are still to be found who think that health is promoted by depression! Was there ever such false logic? Nature is the grand antagonist of disease, and the deports propose to prostrate Nature in order, one might suppose, to give the enemy a double chance at the life of the patient! The true practice is to so invigorate the vital powers as to render them an overmatch for the elements of disease. This can be done with HOSTETTER'S STOMACH BITTERS. Of all vegetable tonics they are most powerful and the most general. At this season, when even the strongest organizations are liable to be affected by the alternation of strong cold and malignant moisture, this infallible protective medicine is especially needed. Persons predisposed to biliousness, dyspepsia, constipation, intermittent fever, or any of the complaints which cold weather sets off—induces or aggravates, should take it regularly throughout the Winter and Spring months.
